

College Prospectus

Year 11 and 12
Independent
Secondary College

**WALKING SIDE BY SIDE
WITH OUR STUDENTS,
EVERY STEP OF THE WAY**

A message from our Principal

At SEDA College WA, we help our young people get the most out of life by walking side by side with them, every step of the way. We believe that happy and healthy people are high performing people.

SEDA College WA places student interests at the forefront of their secondary education, alongside a practical connection to industry and an individual approach to teaching and learning. The College accesses leading industry partnerships including the Western Australian Cricket Association, Perth Scorchers, Netball WA, West Coast Fever, Basketball WA, Perth Lynx, Perth Wildcats, Perth Glory, Football West, Fremantle Dockers, West Coast Eagles, RugbyWA, the Western Force and Midland Brick.

What makes for an engaging education? For us, the key component is interest-based learning. Young people and their families choose SEDA College WA because we connect with their interests and then get students outside of the classroom to learn directly from industry.

Our 'one teacher, one classroom' model also allows our teachers to take on a true mentoring approach, where they walk side by side every step of the way and support the individual journey of our students as they complete their secondary education. Our teachers work with each student to develop their confidence as learners.

Our teachers are specifically recruited for their capacity to build healthy and respectful relationships

with students, helping them to develop skills for life.

The College delivers the Western Australian Certificate of Education (WACE) using an applied learning pedagogy where hands-on learning happens both inside and outside of the classroom. Through this applied learning model, students have a deeper connection to their education, resulting in enhanced engagement levels.

Students also undertake work and industry placements and community project work to develop their work readiness and community awareness.

Our vision is that students benefit from being exposed to a range of learning opportunities. Each student is supported to develop a career plan that is specific to their aspirations and goals and one that makes direct links to the learning activities they undertake and their chosen career pathway.

Rocky Collins
Principal

WHO WE ARE

Why choose SEDA College WA

SEDA College WA is a Year 11 and 12 Independent Secondary College and provider of the Western Australian Certificate of Education (WACE). We aim to bring out the best in our students by focussing on key elements that define our unique approach.

**CONNECT TO
INDUSTRY**

As SEDA College WA students, you will experience a unique education pathway because of our relationships with several of Australia's leading sporting and construction organisations. Students are involved in industry experiences they will not find anywhere else. We develop Areas of Study and curriculum with our industry partners so that students develop the knowledge, skills and attributes of current industry professionals.

**INDIVIDUAL LEARNING
APPROACH**

Our 'one teacher' to 'one class' approach allows our teachers to take on a true mentoring role, where they get the time to know you and your individual aspirations. They take the time to support you as you learn through your own experiences and define your own journey.

**LEARN OUTSIDE
THE CLASSROOM**

You will learn in real workplace and community settings and directly from industry experts. You may get out of your comfort zone and make mistakes, but this is where the real learning takes place. Don't worry, we will support you all the way. We will equip you with transferable skills that will help you climb the career ladder.

**DEVELOP YOUR CAREER
PLAN (MYPLAN)**

We know from our connection to industry the key personal qualities and transferable skills that employers are looking for. We place as much importance on developing these skills as academic progress. Through a tailored, individual approach known as MyPlan your teacher will support you as you develop these skills to set you on a pathway to success.

YEAR 11 AND 12 PROGRAMS

Sports Development Program (SDP)

SEDA College WA partners with the biggest sporting teams and organisations in Australia, facilitating real life industry experiences and student opportunities, through elite club inductions, match day experiences, community events, participation programs and work placement opportunities. This combined with our applied industry based learning approach allows students to acquire the skills needed to support future educational and employment pathways.

We are proud to partner with high profile industry organisations to offer the following programs:

- › Basketball WA Sports Development Program
- › Fremantle Dockers Sports Development Program
- › Netball WA Sports Development Program
- › Perth Glory Sports Development Program
- › Perth Scorchers Sports Development Program
- › RugbyWA Sports Development Program
- › West Coast Eagles Sports Development Program

Year 11

- › WACE Courses – General Units
 - Physical Education Studies
 - English
 - Careers and Employability
- › Authority Developed Workplace Learning
- › SIS30122 Certificate III in Sport, Aquatics and Recreation*^

Year 12

- › WACE Courses – General Units
 - Physical Education Studies
 - English
 - Careers and Employability
- › Authority Developed Workplace Learning
- › SIS30122 Certificate III in Sport, Aquatics and Recreation*^

*Certificate completed over Year 11 and 12.

^ IVET (RTO no. 40548) is responsible for training and assessment for this qualification and responsible for the issuance of AQF certification documentation. SEDA College WA Limited provides training and assessment services, individual support services, and recruitment of prospective learners for this program on behalf of IVET.

Fees

The SEDA College WA Program Fees are all inclusive.

The fees include:

- › Tuition expenses
- › Annual uniform allocation
- › Some incursions/excursions
- › Student insurance
- › Notebook computer, which contains all coursework (no textbooks are required to be purchased). The notebook may be retained by the student at the completion of Year 12 for a nominal fee, provided that all School Fees have been paid in full.

There will be some opt-in student experiences and items throughout the year, which will have additional costs associated with them, such as:

- › School Sport Western Australia (SSWA), including SSWA attire
- › Year 12 School Ball
- › National College Cup
- › End of Term Celebration Events

Please note that charges for optional camps, excursions and programs are payable in addition to the Student Fees. Please refer to SEDA College Fee Policy and current fees for each year level on our website. www.seda.wa.edu.au/join-us/student-fees

YEAR 11 PROGRAMS

Construction and Trade Program (CTP)

The Construction and Trade program integrates both the WACE and Vocational Education and Training (VET) programs, whilst immersing students in the industry. This enables the students to develop key work skills, both theoretical and practical, that are essential for gaining employment opportunities in the Building and Construction industry.

SEDA College WA's partnership with Midland Brick gives our students hands-on industry experience. Midland Brick is one of Western Australia's most recognised and respected building material brands, supplying bricks, masonry and construction products across residential and commercial projects. Their work spans production, innovation, sales and customer-focused solutions across Australia and beyond.

Students that successfully meet the training and assessment requirements receive nationally recognized vocational qualifications in Building and Construction as well as achieve their WACE.

With our teachers walking side by side with our students every step of the way, our Construction and Trade students emerge from our program with tangible skills in the Building and Trade field.

In Year 12, students specialise and focus on developing their skills in the trade that they're most passionate about. With the guidance and support of both their teachers and SEDA administration, each student's path is flexible and tailored to provide the strongest foundation for success in the trade industry after graduation.

Year 11

- › WACE Courses – General Units
 - Materials Design and Technology - Wood
 - English
 - Building and Construction
- › Authority Developed Workplace Learning and Community Service
- › White Card
- › Senior First Aid
- › CPC20220 Certificate II in Construction Pathways[^]

Year 12

- › WACE Courses – General Units
 - Materials Design and Technology - Wood
 - English
 - Building and Construction
- › Authority Developed Workplace Learning
- › Option to apply for VET in Secondary Schools (VETDSS) TAFE courses^{*}
- › Support in pursuing a school-based apprenticeship/traineeship (SBAT)^{**}
- › Support in pursuing micro-credentials relevant to the student's chosen trade^{***}

[^] Skill Hire (RTO no. 0361) is responsible for training and assessment for this qualification and responsible for the issuance of AQF certification documentation. SEDA College WA Limited provides training and assessment services, individual support services, and recruitment of prospective learners for this program on behalf of Skill Hire.

Fees

The SEDA College WA Program Fees are all inclusive.

The fees include:

- › Tuition expenses
- › Annual uniform allocation
- › PPE and Tool Kit
- › Student insurance
- › Notebook computer, which contains all coursework (no textbooks are required to be purchased). The notebook may be retained by the student at the completion of Year 12 for a nominal fee, provided that all School Fees have been paid in full.
- › Industry specific skill set training and micro-credentials

There will be some opt-in student experiences and items throughout the year, which will have additional costs associated with them, such as:

- › School Sport Western Australia (SSWA), including SSWA attire
- › Year 12 School Ball
- › National College Cup
- › End of Term Celebration Events

Please note that charges for optional camps, excursions and programs are payable in addition to the Student Fees. Please refer to SEDA College Fee Policy and current fees for each year level on our website. www.seda.wa.edu.au/join-us/student-fees/

^{*}Dependant on TAFE course availability. Some certificates may incur an additional cost determined by the TAFE.

^{**}SBAT arrangements rely on employer discretion and availability, but every effort will be made to assist the student throughout the process.

^{***}Micro-credentials dependent on availability and some may incur small incidental costs (which are not included in student fees).

SOUTHWEST PROGRAMS

Bunbury MultiSport Program

Students in Western Australia's SouthWest also have the option to attend SEDA College WA's Bunbury campus. The Bunbury MultiSport Program allows students to enrol in any of the following programs and complete their studies at the SEDA College WA Bunbury hub:

- › Basketball WA Sports Development Program
- › Fremantle Dockers Sports Development Program
- › Netball WA Sports Development Program
- › Perth Glory Sports Development Program
- › Perth Scorchers Sports Development Program
- › RugbyWA Sports Development Program
- › West Coast Eagles Sports Development Program

Students in the Bunbury MultiSport Program benefit from exposure to multiple sporting environments, gaining insight and experience across a range of sports through collaboration with classmates from different programs. This Multisport setting broadens students' understanding of the sports industry and the diverse career pathways within it.

The program connects learning directly to industry through practical experiences, helping students develop transferable skills that support future education, training and employment opportunities.

Community involvement is a key feature of the Bunbury MultiSport Program. Students contribute to local schools and community sport initiatives and may also represent the campus at the SSWA Senior School's Country Week competition, providing a unique opportunity to compete, connect and showcase their skills at a state level.

Venue Facilities

The Bunbury MultiSport Program is centrally located, allowing students to collaborate easily, maximise industry-based learning experiences and enjoy the facilities appropriate to their sport. Classes are based out of the following community settings:

- › The South West Sports Centre
- › Hay Park North Pavilion
- › Hay Park United Football Club
- › The South West Phoenix Soccer Club

Campus locations are subject to change. Please refer to our website for details.

CLASSROOM CAMPUSES

Our programs are based on hands-on experiences and because of this, our classrooms are not like those in most secondary schools.

Working with our industry partners, our classroom locations enable our students to learn by being immersed in their chosen industry and applying what they learn in real environments. The Sports Development Programs take place within dedicated sport, recreation and community centres, and our Construction and Trade Program is housed in a purpose-built classroom located at the center of the construction industry.

Class locations are fully equipped with all the infrastructure required for a classroom setting, allowing students to complete theory-based learning as well as selected practical activities.

Classroom campuses:

Metro

- ★ SEDA College WA Head Office
- 1 Perth Netball Association
- 2 Warwick Stadium
- 3 WA Athletics Stadium
- 4 Wembley Athletics Centre
- 5 Subiaco Football Club
- 6 Whitford Hockey Club
- 7 East Perth Football Club
- 8 Fremantle Oval
- 9 Perth Soccer Club (Dorrien Gardens)
- 10 Loftus Recreation Centre
- 11 ETEX Plasterboard Hazelmere
- 12 Murdoch Sports Pavilion (Murdoch University)
- 13 Cockburn Aquatic and Recreation Centre

Regional - Bunbury

- 14 Hay Park North Pavilion
- 15 South West Phoenix Soccer Club
- 16 SouthWest Sports Centre
- 17 Hay Park United Football Club

Campus locations are subject to change. Please refer to our website for details.

LEARNING ENVIRONMENT

The SEDA College WA difference

Students will have access to a team of experienced teachers and support staff for literacy, wellbeing, and career guidance. They are experts in their field, helping students to develop their individual passions and achieve outstanding success.

Our teachers, while being experienced educators, also have a broad range of professional skills and excellent theoretical and practical grounding. They have industry experience, which will vary from teacher to teacher.

All staff are invested in unlocking each student's potential as they guide them on a pathway to success. Our teachers develop a professional relationship with their students, giving them the skills and guidance required to realise their full potential.

Our staff also work in close collaboration with industry experts from our partner organisations, delivering hands-on learning and creating meaningful workplace connections.

Student Connect

At SEDA College WA, we understand the significance of wellbeing for student achievement. The "one teacher, one classroom" model we use allows our teachers to develop positive relationships with each student and support their individual journeys.

They act as mentors, supporting both learning and wellbeing throughout the program. If concerns become more significant, each teacher will collaborate with the Head of Senior School and/or Student Connect staff to provide the best care possible.

Student Connect provides professional wellbeing assistance in collaboration with the teaching team and parents/carers. We find open and regular communication makes a difference to a student's experience while they are at school. We encourage regular contact between SEDA College WA staff, students and parents/guardians; and where appropriate, external support providers. This is critical to ensure each student's individual needs are met.

Our aim is to develop each student's capacity to access support services in their local area that are age appropriate and best placed to assist.

Student Connect also promotes student wellbeing by developing awareness raising activities relevant to the needs of our students.

MySEDA

MySEDA is the Learning Management System (LMS) that students, parents, teachers and staff use as their central hub for communication, teaching and learning. MySEDA supports parents and guardians to stay connected with real-time access to student assessment, grades, reports, industry experiences and important notifications. It is available online and as a smartphone app.

"The SEDA one teacher model is very unique and allows teachers to work closely with the students and parents over a two-year period. The growth and development that we see in students during this time is very rewarding."

Kara Antonio

Head of Senior School & Inclusion and Diversity,
Former Fremantle Dockers AFLW Athlete

"SEDA College provides a unique opportunity for students to engage in their chosen industry with the strong relationships with industry and community partners. The one teacher model for each classroom enables students to develop their employability skills so they are ready to launch into the workplace."

Ben Lillis

Head of Senior School & Community Engagement

MyPlan

MyPlan is a digital portfolio that supports students to track their individual goals, achievements, experiences, and growth during their time at SEDA College WA. Underpinning MyPlans are the Transferable Work Skills and Personal Habits, which have been identified as important attributes, attitudes, and mindsets to develop in order to succeed at SEDA and beyond. Development of the MyPlan portfolio, and the Transferable Work Skills and Personal Habits, is supported with timetabled MyPlan sessions in class and regular MyPlan meetings between teachers, parents/guardians, and students.

The five core skills we believe are essential for student development are:

- › Problem Solving
- › Personal Organisation
- › Self-Awareness
- › Communication
- › Teamwork

AREAS OF STUDY

Student Learning

The SEDA College WA program is planned and developed with industry experts, and connects the learning experiences of our students to the type of activities and projects that might be undertaken when working in their respective industries. The program takes the traditional WACE and VET curriculum and contextualizes it to create maximum student engagement.

SPORTS DEVELOPMENT PROGRAM

ACCREDITED - VET AREAS OF STUDY

The Official

In this area of study, students explore what it is like to be behind the whistle. Through a celebration of officiating, students develop their knowledge and understanding of officiating at a grassroots level. Interaction and delivery through our sporting partners and state sporting organisations enable our students to obtain a foundation level of officiating in their sport and put the whistle in their hands.

The Elite Athlete

In The Elite Athlete, students develop the knowledge and skills required to excel in the fitness and sporting industries. They design and implement a personalised fitness program aimed at achieving peak performance, working alongside a strength and conditioning coach and other professionals. Through applied training and performance monitoring, students prepare for a fitness challenge or sporting competition, gaining real-world experience in elite athletic preparation and performance management.

NON-ACCREDITED - WACE GENERAL AREAS OF STUDY

Australian Stories

More than six in ten people living in Australia have had little or no contact with Aboriginal people. This highlights the deep divide between the First Australians and the rest of the nation. The Australian Stories unit explores this through the documentary The Ripple Effect, which shines a light on the connection, culture, and challenges of Aboriginal Australia. Students learn about the beauty, hope, history, and traditions of Aboriginal and Torres Strait Islander peoples. They also reflect on their own story and create a personal text that shares their experiences and life journey.

The Power of Sport

Sport is a universal language. In this English area of study, students explore how sport can influence and shape a community and its culture. Learn and experience how sport can break down barriers and bring people together. Students question and reflect on ideas presented in the

media. Students connect to sporting partners and engage in industry strategies to help build better communities. Fight for your passion and put the Power of Sport at the top of everyone's agenda.

The Professional

"The Professional" curriculum encompasses assessments like "Pack Your Bags," simulating interstate work relocations, "Shark Tank," fostering entrepreneurial skills, and "MyBrand Portfolio" development via LinkedIn. Participants navigate challenges of relocation, gain entrepreneurial acumen, and craft compelling digital personas. This experiential learning, students are equipped to thrive in today's competitive landscape, blending practical skills with savvy personal branding strategies, ensuring readiness for professional success.

Areas of Study shown are a sample of AOS delivered in 2026. Areas of Study are reviewed annually and may be subject to change.

AREAS OF STUDY

Student Learning

The SEDA College WA program is planned and developed with industry experts, and connects the learning experiences of our students to the type of activities and projects that might be undertaken when working in their respective industries. The program takes the traditional WACE and VET curriculum and contextualizes it to create maximum student engagement.

CONSTRUCTION AND TRADE PROGRAM

ACCREDITED - VET AREAS OF STUDY

Certificate II in Construction Pathways

Every Monday, students will engage with Skill Hire to undergo theory and practical based VET curriculum as they work to complete their Certificate II in Construction Pathways.

NON-ACCREDITED - WACE GENERAL AREAS OF STUDY

The Builder

In this Materials Design and Technology - Wood Area of Study, students continue to develop skills to plan and construct a range of practical projects including, stud walls, cabinetry, electrical and plumbing fixtures, tiling, concreting, paving and block laying. These skills directly transfer to the projects constructed in the community whilst also providing them with necessary skills to renovate and maintain their own construction projects. This Area of Study culminates in the design and development of a small space mock apartment within the CTP Hazlemere workshops.

The Designer

In this Materials Design and Technology - Wood Area of Study students complete a range of design and practical production tasks as they continue to build their skill set. This Area of Study culminates in an ability to engage with a 'client', understanding the needs and opportunities that arise, and successfully navigating the design process to design and develop practical solutions.

The Sales Office

The Construction and Trade industries offer a wide range of careers from carpenters and concreters to site managers and sales representatives. In this area of study, students explore how communication and creativity play a role in every part of the industry.

Students learn about the importance of teamwork, safety, and well-being through stories and real-life examples from trade professionals. They use these insights to create their own "SEDA Trade" concept and design a children's picture book that shares a positive message about working safely and supporting

others on the job. This course connects English skills to real-world construction experiences, helping students to develop practical communication, problem-solving, and storytelling abilities that apply on-site and beyond.

The Construction Manager

In this Materials Design and Technology - Wood Area of Study, students apply the skills they developed in Year 11 in a more independent setting. They are required to create a client profile, then strategically plan and manage a designed solution in the wood context. It is their responsibility to design the product, develop a production, create efficient materials costing and order sheets and finally manage their time and safe workshop practices to construct their project from start to finish.

CAREERS AFTER SEDA

Develop your skills for an exciting career

SEDA College WA students develop transferrable skills, which lead to a variety of exciting career options. Graduates may find themselves studying and working in a broad range of industries including:

- | | | |
|------------------------------|---------------------------------|---------------------------------|
| › Human Movement | › Health and Physical Education | Traineeships in: |
| › Sport and Recreation | › Police Force | › Surface Extraction Operations |
| › Sport and Exercise Science | › Psychology | › Administration |
| › Sport Coaching | › Youth Work | › Plant Operations |
| › Sport Management | › Administration | Apprenticeships in: |
| › Healthcare/Paramedics | › Business | › Electrical |
| › Occupational Therapy | › Trade Apprenticeships | › Plumbing |
| › Event Management | › International Relations | › Mechanical Fitter |
| › Community Development | › Journalism | › Carpentry |
| › Fan Development | › Defence Force | › Wet Trades |

"I graduated from SEDA College in 2016, where I discovered my passion for sport and gained invaluable industry experience. After working three years with Netball WA, I was able to land my current role with Netball Australia – a journey I credit to the hands-on learning and exposure SEDA provided. Without it, who knows where I'd be? Probably still trying to figure it out!"

Zara Hardwick
Woolworths NetSetGo Coordinator, Netball Australia

SEDA Netball WA Sports Development Program alumni

Pathways to Further Education

Students who successfully complete their studies at SEDA College WA have a range of further education pathways available to them.

Throughout their time at SEDA College WA, students are given the opportunity to further explore their career options through the MyFutures Expo, where a variety of tertiary institutes and recruitment specialists present the many opportunities that exist beyond SEDA College WA.

Our partnering universities also provide our students with on-campus visits and experiences in addition to an Information and Application Writing Session to assist students in applying to university. These longstanding partnerships mean that WA universities understand the strengths our SEDA graduates possess, which align with the prerequisites for university entrance, without an Australian Tertiary Admissions Rank (ATAR).

Year 12 students have the option to attend the Notre Dame UniPath program for Metro students, or the Murdoch FlexiTrack program for Bunbury students. Both UniPath and FlexiTrack are designed to help develop the skills needed to succeed at university. The universities work with SEDA College WA to provide a supportive learning experience

for students seeking an alternative option to the ATAR pathways into university. Both programs utilise the most effective evidence-based learning approaches. The programs employ both online independent study and dedicated class time. University tutors assess the student learning experience and support teacher facilitators.

Our teachers walk side by side with the students, recording pathway and transferable work skill development conversations. These are called MyConversations and are a key component in the students online portfolio called MyPlan. SEDA College WA provides students with multiple opportunities to attend Career Expos to understand what is available in choosing their next steps.

SEDA College University Partners:

Diploma's with Sporting Partners:

BALDJA MOB

SEDA College WA is proud to deliver the WA Aboriginal Education and Leadership Program - our Baldja Mob.

At SEDA College WA, we continuously develop our learning environment to nurture the growth of our Aboriginal students through the Baldja Mob Aboriginal Education and Leadership program. Derived from the Noongar word 'Baldja,' meaning 'firmly united,' our program brings together a vibrant community of Aboriginal students from across Western Australia. Meeting two to three times a term, we promote cultural, educational, and career development through engaging activities.

The Baldja Mob represents a vibrant community of Aboriginal students, whom we are nurturing to become the future leaders of our community. We aim to foster a deep connection with culture, whether it be through the expressive arts of dance, storytelling of our ancestors, or the rich tapestry of Aboriginal culture. Students also have the opportunity to attend a regional camp on Noongar boodjar, and a National Indigenous

camp held in various places across Australia.

We identify tailored pathways for higher education and/or employment, mentoring and supporting our Baldja Mob alumni for sustained success in both wellbeing and career. Collaborating with organisations like MADALAH and the Stephen Michael Foundation enriches our efforts and broadens our students' horizons. MADALAH provides scholarships for our Aboriginal students, believing education is key to generational change.

Our SEDA College WA Aboriginal Engagement team mentors these young leaders academically and culturally, fostering pride in their identity and heritage, empowering them to succeed in the modern world with confidence and resilience.

Together, we shape future leaders while nurturing a legacy of strength, wisdom, and cultural richness for generations to come.

The Baldja Mob provides:

Strengthening of their cultural identity

- › Aboriginal Leadership Program activities
- › Pathways and connections to higher education
- › Skills to gain meaningful employment
- › Network with outside Aboriginal organisations
- › 1 on 1 support from the SEDA Aboriginal Engagement Coordinator and other Wellbeing staff

A key aspect of the program is to develop the next generation of young Aboriginal leaders and role models and create a strong connection to the community. While identifying tailored pathways for our students into higher education and/or employment, we aim to mentor and support our Alumni to increase their chance of success.

We encourage applications from students across all regions of WA. Boarding facilities are available to regional students through Rotary Residential College but maybe limited

For more information regarding SEDA College WA Aboriginal Education and Leadership Program, please email info@seda.wa.edu.au or visit [seda.wa.edu.au/indigenous](http://seda.wa.edu.au/)

SCHOLARSHIPS

SEDA College WA is committed to fostering inclusivity and opportunity within our educational programs. These scholarships provide financial support and chances to individuals who demonstrate a strong dedication to learning, cultivating an inclusive and supportive environment within the College.

GENERAL

Nicole Gazey Breaking Barriers Scholarship

The Nicole Gazey Breaking Barriers Scholarship, supported by SEDA College WA, provides essential resources and support to young people entering Year 11 who are facing challenges and empowers them to overcome barriers and achieve success in their educational journey.

The Scholarship honors past College Board Chairperson Nicole Gazey and her dedication to equitable education.

The Nicole Gazey Breaking Barriers Scholarship provides:

- › An annual contribution of up to \$5,000 per year to the student's College fees

CONSTRUCTION AND TRADE

Women in Construction Scholarship

SEDA College WA's Women In Construction Scholarship is in place to support the growth of women in construction, in partnership with the National Association of Women in Construction.

The Women in Construction Scholarship provides:

- › An annual contribution of up to \$5,000 per year to the student's College fees
- › A dedicated mentor to provide guidance and support
- › Access to valuable work placement opportunities with industry partners

SPORTS DEVELOPMENT

Women and Girls in Cricket

The SEDA College WA scholarship aims to empower young women passionate about cricket by supporting their educational and career goals, fostering leadership skills, and promoting personal growth.

The Women and Girls in Cricket Scholarship provides:

- › An annual contribution of up to \$5,000 per year to the student's College fees

Cultural and Linguistic Diversity in Cricket Scholarship

The Cultural and Linguistic Diversity Scholarship in Cricket at SEDA College WA empowers young individuals from diverse backgrounds to pursue their passion for cricket, build essential skills for their education and career, and develop leadership qualities while celebrating cultural diversity.

The Cultural and Linguistic Diversity in Cricket Scholarship provides:

- › An annual contribution of up to \$5,000 per year to the student's College fees

Men in Netball Scholarship

The Men in Netball scholarship supports young men passionate about netball by helping them develop key skills for their education and career, fostering leadership abilities, and promoting personal growth.

The Men in Netball Scholarship provides:

- › An annual contribution of up to \$5,000 per year to the student's College fees

MADALAH

With a vision of 'making a difference and looking ahead,' MADALAH is a not-for-profit organisation that offers secondary and tertiary scholarships to young Indigenous students to create long-term opportunities.

MADALAH Scholarship provides:

- › A scholarship covering the school/enrolment fee
- › MADALAH mentoring sessions
- › 1 on 1 support from mentors
- › Opportunity to connect with other scholarship students from partner schools
- › Opportunity to attend special events and activities

For more information regarding SEDA College WA Indigenous Education and Leadership Program, please email info@seda.wa.edu.au or visit seda.wa.edu.au/indigenous.

Disclaimer: MADALAH reserves the right to determine the number of scholarships that may be awarded each year and the value of the scholarship. Failure to participate in organised Indigenous activities may result in the scholarship being revoked.

HOW TO APPLY

If you are eligible and would like to apply for one of the scholarships listed, please visit our website seda.wa.edu.au/scholarships to download the scholarship details to view the specific requirements for the application.

If you have any concerns or queries please reach out to us at:

info@seda.wa.edu.au

Rotary Boarding

The Rotary Residential College (Rotary) works with SEDA College WA to offer an accommodation option in Perth for all regional students*.

Rotary, located in East Victoria Park, is conveniently situated near essential amenities like shops, sporting clubs, public transport, and Curtin University.

It provides a safe and nurturing environment for students. Staff are dedicated to providing a home away from home for students, in collaboration with their parents/caregivers.

Each student enjoys a private room with ensuite bathroom, along with various amenities including a Recreation Room, Computer Room, Gym, Laundry and Wi-Fi.

Rotary emphasizes community and organizes excursions and activities, supported by regular visits and social activities from SEDA College WA staff.

* Rooms are subject to availability. Rotary handles the entirety of the application and enrolment process, in which SEDA is not involved.

rotaryresidentialcollege.com.au

EXPERIENCES

The SEDA College WA Experience

Student Leadership Programs

- › Year 11 Student Leadership Program
- › Year 12 Student Ambassador Program

Industry Leaders

SEDA College WA Industry Leaders enhance each student's overall education experience and help students become future ready by delivering sessions focused on their experiences and industry specific skills.

Industry Partner Experiences

- › Industry Partner Inductions
- › Game day and volunteering opportunities to engage in the Industry
- › Guest Speakers
- › Coaching and Officiating Courses
- › Partner Placements

Student Experiences

- › Represent SEDA College WA in School Sports Western Australia competition
- › National College Cup
- › Graduation
- › Swimming and Athletic Carnivals
- › Came On Carnival
- › Season Launch and Premiership Quarter
- › MyFuture Expo
- › P.A.R.T.Y (Prevent Alcohol and Risk-related Trauma in Youth) Program
- › SEDA Run for a Reason
- › Construction and Trade Site Visits and Tours
- › Industry-leading Try a Trade Programs
- › Community Camps
- › Year 12 School Ball
- › National Indigenous Camp - Year 12 Baldja Mob

- › Year 11 Surfing
- › Year 12 Adventure World Excursion

Wellbeing and Celebrations

- › International Women's Day
- › Men's Health Day
- › RUOK Day
- › NAIDOC Celebrations
- › Proactive Programs

* Events are subject to change from year to year.

ENROLMENT PROCESS

Students can begin the application and enrolment process from Year 9 onwards, for entry commencing in Year 11.

1

Apply online

Complete an online application form at seda.wa.edu.au/apply. The form will only take a few minutes to complete.

2

Attend an Information Night

Information sessions are a great way to learn more about SEDA College WA and hear from our staff.

3

Book an interview

Once you have applied and attended an Information Night, our admissions team will contact you to book an interview with our team.

If accepted

4

Complete Enrolment Session

To secure an offered place, families must attend an enrolment session directly after their interview and, if successful, pay a deposit.

5

Complete MADALAH application form (Indigenous students only)

If you are applying for a scholarship, complete the online application form at madalah.com.au/secondary-scholarships.

6

Complete Rotary Residential College application form

If boarding is required, apply to the Rotary Residential College at rotaryresidentialcollege.com.au/how-to-apply.

7

Attend uniform fitting

Our admissions team will be in touch with you to organise a uniform fitting.

8

Experience Orientation Day

We hold an Orientation Day where students meet their teacher and peers at their new classroom venue.

9

Start at SEDA College WA
